TENTS AND CANOPIES

Traditional beduin tent

INSPIRED BY BEDUIN TENTS

Tentourage tents are inspired from the tents of the Bedouins, nomadic populations of the middle east and north Africa that used this type of structure from the dawn of time to protect themselves from the sun, sand and from the cold desert nights.

The product we're offering is manufactured with a contemporary design, original and authentic, that will add a touch of class to your events, creating welcoming and soothing atmospheres.

EXCEPTIONAL FEATURES

Completely hand-finished with high quality products, our tents are 100% waterproof, assembled to resist the strongest winds conditions, produced with fire resistant materials and finished with anti mold, anti uv and anti blur treatments.

Our tents and all the materials used to produce it and set it up are complying the european community standards in terms of security and we supply it with all the papers necessary to get certifications for your events.

Two more Important features of our tents are their broad spectrum and modular adaptability to different situations, as for example creating large covered spaces by putting more tents together one on the side of the other.

UNIQUE STYLE

Our tents can be setup to suit any different needs and situation, always distinguished at first sight from their sinuous and curvy shaped outlook that make them a product of unequalled beauty compared to the rigidity of common gazebos and marquees.

The possibility to use wooden poles gives them a added organic touch that is unreachable with other types of standard structures.

Available in different colours to adapt to the most various aesthetic needs for highly researched set ups, we can also provide professional deco artists and set designers to guarantee a unique atmosphere.

ASSISTANCE STEP BY STEP

With the aim of giving you the most soothing installation to meet your expectations in terms of outlook and atmospheres, our team of *Tentourage* experts will study your needs in the detail and will suggest you the best structural and decorative set up solution to satisfy your requests.

Tentourage is also offering an assistance service during your events. Our tents' experts will build up the tents and make sure they are properly preserved during your events, so to guarantee the attendees to use our structure in full security even with the worst weather conditions.
